Sir:

In response to the office action dated July 29th 2002 applicants file this response
to amend previously rejected claim 1.

IN THE CLAIM

Please amend the following claims as follows:

1. (Amended) A data processing system for executing an e-financial transaction in
an account having at least one customer specified secure parameter, comprising:
a central controller including a CPU and a memory operatively connected to said
CPU;
at least one terminal, adapted for communicating with said central controller,
